The Numbers & Reach

We measure the success of the Campus Edition not just by the seats filled, but by the ecosystem impact and the data footprint left behind.

- **1,000+ Digital Registrations:** High-intent leads captured via Luma, representing a database of students specifically interested in Dantown's offerings.
- **5,000+ Physical Impressions:** Intensive on-ground publicity (flyering, banners, and word-of-mouth) across DELSU, ensuring Dantown was the most talked-about brand on campus last week.
- **5,000+ Social Media & Community Reach:** Viral awareness across WhatsApp status updates, student group chats, and X (Twitter), extending the event's influence beyond the university walls.
- **250+ Concentrated Attendees:** A curated audience of young professionals, student entrepreneurs, and crypto-curious individuals who engaged directly with the speakers and the brand.

Brand Visibility & Engagement

Dantown was the focal point of the day. From the entrance to the main stage, the branding was positioned to ensure that every attendee and even those passing by associated "Blockchain Opportunity" with the Dantown
